QUICK GUIDE FOR REFEREES

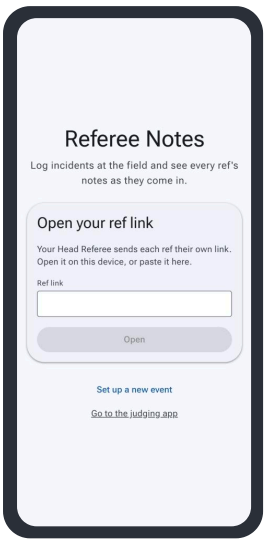

Logging Referee Notes

New to the app? This page covers what you need at the field. Your Head Referee will show you anything else.

robotools.app/ref

Made for your phone
Works in any web browser.
Nothing to install.

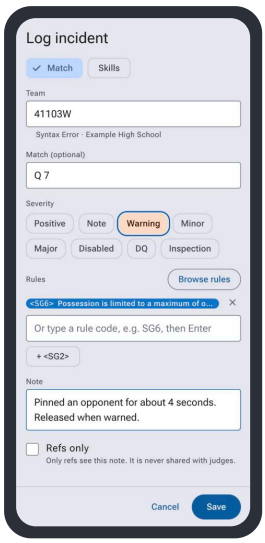

robotools

1 Get in

Your Head Referee gives you a **personal link** or QR code, sometimes on a printed pass.

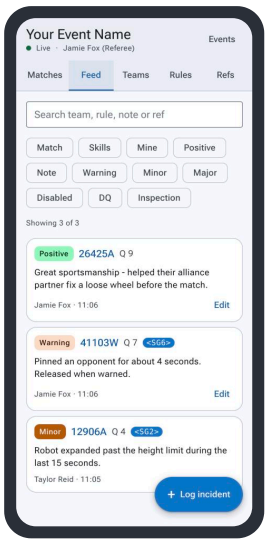

Open it or scan it. You can also go to **robotools.app/ref**, paste it in and tap **Open**. There's no password.

2 Log an incident

Tap **+ Log incident**. Choose **Match** or **Skills**, then enter the team and match.

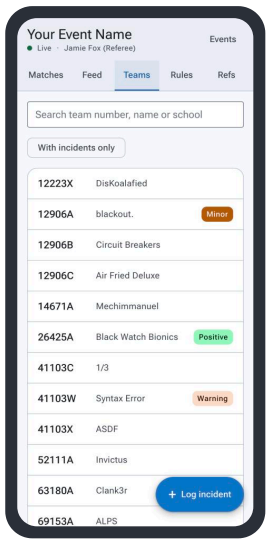

Pick a **severity**, add the rule and a short note, then tap **Save**.

3 Feed

Feed shows every ref's notes as they come in, newest first.

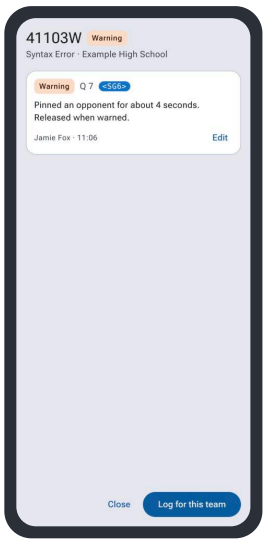

Search, or tap a filter such as **Mine**, **Skills** or a severity. You can **Edit** your own notes.

4 Teams

Teams lists every team at the event. The badge shows the most serious note so far.

Search by number, name or school, or tap **With incidents only**.

5 Team history

Tap a team to see **every note about it** from every ref, before its next match.

Tap **Log for this team** to add a note with the team already filled in.

GOOD TO KNOW

- **Matches is the quickest way to log.** Once the schedule is published, tap a team in a match. The team and match are filled in for you. Tap a badge to see that team's history.
- **Rule codes:** type a code like SG6 and press Enter, or tap **Browse rules**. Codes used recently appear as one-tap buttons.
- **Skills runs:** choose **Skills**, then **Driver** or **Programming**.
- **Severity** runs from **Positive** and **Note** to **Warning**, **Minor**, **Major**, **Disabled** and **DQ**. There's also **Inspection**. Positive notes are worth logging too.
- **Lost signal?** The app reconnects by itself. **Live** next to your name means you're connected.
- **Refereeing more than one event?** Tap **Events** at the top to switch between them.

Your link is your login. Keep it private.

Anyone with your link can log notes as you. Don't forward it, and lock your phone when you step away. If you lose your link or your phone, tell the Head Referee. They can cancel the old link and give you a new one.

OTHER TABS

Matches
The match schedule. Tap a team to log against that match

Rules
Search the game manual by code, words or section

Refs
Who else is refereeing, and who the Head Referee is

Show played
On Matches, brings back matches that have finished

Who sees your notes

Every ref sees every note. The Judge Advisor can also see your notes when the judging room is linked. Tick **Refs only** for anything that's only useful on the field. Those notes are never shared with judges.
